EDITORIAL

We worry about our models' health, we really do. When Judith here sparked up a fag mid-shoot, we pointed out the inherent dangers of smoking. In return, she pointed out the dangers of arriving late to photo-shoots armed with beers and making lascivious comments. She said they were life-threatening and we believed her. So we shut up, shared our beers with her, and let her get on with it. There's a lesson to be learned there, and it's something to do with women always being right. Anyway, enjoy the issue and keep it up – the editors

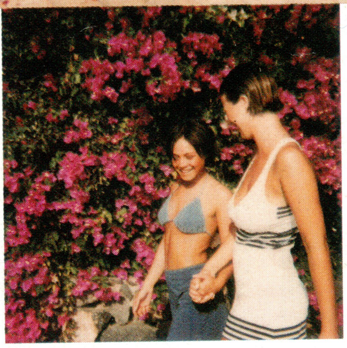
FARE'S FARE

I'm a big fan of the letters you print in MO and I could stand to see plenty more of them each month. I love reading about the sexual experiences your randy readers have and here's one of my own you can print if you think it fits the bill.

I work as a cab driver and I see plenty of things in a job like this. It's when the pubs and clubs close late at night that things get really strange. A couple of Fridays ago, I picked up a fare outside one of the city nightspots where I often get business. The two lasses who got in the cab seemed normal at first, just two girls tarted up for a Friday night in the usual short skirts and skimpy tops. One was blonde, the other brunette and I'd estimate their ages at about 20. They asked for an address on the other side of Leeds so off we went. I tried to make conversation, but they were talking pretty intently to each other so I just concentrated on driving.

Next time I glanced back at them I had quite a shock. The two girls had their arms around each other and were kissing like mad! It was tongues and everything, and the way their hands were caressing each other showed they were much more than just good friends. Although I was surprised by this, I said nothing as it wasn't for me to comment. At least they weren't throwing up on the backseat or nothing.



But before long they got even more passionate. The blonde had pretty big boobs and I could see her friend stroking and fondling them through her top. The blonde's nipples got hard and poked through and that's when I realised I was starting to get hard and all. I had a job trying to watch the road and them at the same time but every street light we passed under lit up a more explicit scene in the back of my cab. Suddenly, I saw that the brunette had freed the blonde's tits from her top. She was sucking and licking on her nipple and her other hand, the one not squeezing her mate's tits, was up her skirt and probably doing fuck knows what inside her knickers. By now, I had a stonker raging in my trousers, but somehow I had the feeling these lasses weren't into blokes. The blonde was moaning softly now while her darker mate was giggling at how randy she was making her, and maybe because she knew the effect it was having on me.

When I looked again the blonde was leaning back on the seat

BUM'S THE WORD

The bit where we put the onus on anus...

Last week, I was in this club when I saw a tall blonde on her own. She was fit, but what caught my eye were her long legs and a sexy bum stuffed into tight shorts. I'm not one to waste time so I moved closer and we danced together. Then she leaned closer and said she needed a rest. I'll skip the chat bit, except to say Claudia was at my place in no time.

She chucked me on the bed and stripped. When she peeled off her hotpants I went nuts for that gorgeous arse. Naked, she jumped on me and pulled my clothes off. She wanked me lovingly as I sucked on her tits and eased a finger into her slippery slot. Her clit was hard and she shivered as I tweaked it. She took my hard-on in her mouth and treated me to a warm wet gob-job that soon had me pulsing in her mouth.

Then Claudia wriggled over me and guided my cock into her cunt. I could feel her pussy grip me as she humped up and

with her legs spread and her skirt rucked up to the waist. Her knickers were pulled to the side and I could clearly see the brunette's fingers flashing in and out her girlfriend's gash. Now I had a live sex show going on in the back of the cab and didn't know what to think. Just then the brunette asked, "We're not pissing you off, are we?" I replied, "You see all sorts of things in this job, love." The brunette laughed and said, "Sorry, mate. But this horny cow's been desperate for a shagging all evening."

Then the blonde moaned really loud and her knockers heaved. I could see her trying to grope her pal, but really she was getting too much of a seeing-to already. When the brunette dropped her head into the blonde's lap and started tonguing her twat, I thought my cock was going to go off right then in my underwear. We were getting close to the destination and I was secretly quite relieved. I pulled to a stop as the blonde was recovering from her orgasm. "Thanks for being so sweet," said the brunette. Then she said to the blonde, "Well? Are you going to give him his tip?"

"Oh yeah," said her friend. Without any kind of warning, she leaned between the front seats and grabbed my throbbing packet through my trousers. Her naked warm tits were pressed against the side of my face, the nipples still hard as she unzipped me and pulled out my stiff cock. She started to toss me off, rubbing her knockers on my face as she did so. Having spent the last half hour at a lesbian sex show I was feeling pretty damn randy, of course, so it didn't take long before the blonde managed to have me spunking all over her hand. As I shuddered and gasped the brunette said to her mate, "Okay, you tart. That's enough. I don't want you going all straight on me!" Both of them kissed me on the cheek then got out, leaving me with spunk-stained trousers and a big daft grin on my face.

"I'd spent the last half hour at a lesbian sex show, so it didn't take long for her to wank me off"

As you can probably imagine, I've made that club my regular Friday waiting spot since, but they've not shown up again yet. I'd love it if they did, because that's one show I'd not mind sitting through again! Here's hoping…

down on my stiff dick. Suddenly, she tensed up and had a sticky orgasm on me. I thought she might like a spot of doggy, so we moved around and I plugged her snatch from behind. She was moaning out like crazy now so just for fun I slipped my index finger up the tight hole of her bum and twitched it a little. Bloody hell, that got a reaction! Her moans were so loud they filled the room. Then I realised what it was she was moaning to me. This foxy bird wanted me to do her up the bum!

"Claudia had a trail of my spunk right from her neck down to her arsehole"

Her cunt was so wet from the fucking it'd had, my cock was dripping wet anyway. So when I pulled it from her flaps and pressed it to her bumhole we didn't need anything extra in the way of lube. I can hardly remember my cock being as hard as it was then, and when Claudia pushed her randy rump back my knob squeezed into her browneye no trouble. All this was unexpected and not something I'd done millions of times before. I'd definitely never met a bird who was into having a bum-bonk like Claudia was, either. If she'd been orgasmic before, she was in another world now. She was holding the end of the bed in a tight grip and shaking her head from side to side as I fucked her tight arse harder and harder, just as she asked me – hell, begged me – to!

She was coming to a massive climax and I was close myself. It was getting hard to hold my stuff and when she let out a huge yell of orgasm I decided I could get mine. My cock popped out of her poop-chute and went off like a rocket. Claudia had a trail of spunk from her neck right down to her arse once all my mess had finished pumping out. She looked over her shoulder and gave me a big smile. For once I didn't have to wonder about whether I'd satisfied a bird. She got everything she wanted!

TRAVELLER'S MINGE

No-one wears knickers in Cannes anymore. Be on the right beach at the right time and you'll be surrounded by perfectly formed, neatly trimmed, pouting-for-it Pussy…

CANNESAM PROMINGE

Text: Tym Manley Pics: Gordon Rondelle

In Cannes, this year's hot news is minge. It pouts and bulges and peeps at you from behind minuscule thongs, on the beach, down the local bar, round the back of the Plage Du Berncyberncy, behind the Hotel Du Palpitationne.

When travelling in the South of France at this time of year, the seasoned Mingiste poses as a Celebrity Journalist, or Journaliste Celebré as the locals have it, on assignment with a fictitious foreign magazine or newspaper. If you prefer to shave at a nearby pavement cafe over an early morning Cognac and coffee, being a Celebrity Journalist allows you to maintain a rumpled insouciant appearance and indulge in behaviour as louche as you like, mes lapins.

It was in this very guise that I became one of a mere 400 or so other celebrity journalists, ner-do-wells, and hangers-on to finesse my way into the party at the Cannes Film Festival, at which the Private Organisation launched its international TV channel – pity you can't get it in the UK because it shows stuff of a rather more advanced nature than Mr Blair and Mr Brown in leather butt thongs at the mercy of the Womens' Institute.

The nearby Martinez Hotel, too, was packed with Private porno stars, spending a relaxing couple of private days flaunting their perfectly formed private parts around us on the private beach. Go with a naked porn star and you can get on any beach – it's as simple as that.

In theory, being English, one despises oneself for being the sort of arriviste who gets invited to the sort of do his readers would gag for, but one learns to live with it, and living with it means loads of naked porno stars including Mame Yung and Silvia Saint, loads of free champagne (in fact so much free champagne I had to hide several bottles about my person and take it with me), the Gypsy Kings doing the cabaret live, everybody all dressed up, shiny and glamorous – and in this case the place was apparently swarming with someone called Mick Hucknall, although with all that minge and bare arse cheek about, it was difficult after the first couple of hours to recognise anything but what was stuffed in your face – minge and champagne mostly.

LARGE MEASURES

I've been on the dole for quite a while so I was well pleased when I landed a job as a junior barman at a pub in town. The place is pretty busy in the evenings, but quiet in the daytime. As I've discovered, there might not be many punters in the place but that doesn't mean the staff aren't kept busy!

"She undid her blouse and freed her massive bosom, bouncing her tits in my face as she rode me"

The reason is a lady called Anthea. She's the landlady, although her husband owns the place. She's about 40, almost twice as old as me, but still looks good. Right away, I had her pinned as a good time girl. Her outfits tend toward the tarty side, she's got a big chest and isn't averse to pushing it right in your face. I'd caught her checking me out when I started at the pub and it wasn't long before Anthea made her move.

I was down in the cellar changing the barrels one afternoon. Anthea's old man had gone down the bookies'. I was bending right over to fix a pipe on a keg when someone behind me grabbed hold of my bollocks. I straightened up and saw it was Anthea with a big smile on her face. "Couldn't resist the view," she chuckled, "Nice big pair of plums just ripe for the squeezing."

My first instinct was to act sensible. I told her I had a girlfriend and this wasn't right. Her reply was simple. "I've got a husband. I know it's not right," she said, still rubbing my balls. I noticed the blouse she was wearing was very sheer and I could see her big breasts plumped up in a lacy bra.

As Anthea groped my goods I could feel my stonker swelling up despite all I'd said. Anthea noticed, too. "He thinks it's right," she smiled, rubbing the palm of her hand up and down the bulge in my trouser-leg.

"Come here," she said, pulling me to her and crushing her lips on mine. Her fingers toyed with my zipper and dragged it down. Soon she had my cock in her hand and was wanking it seductively. She sat me down on a barrel, slid my jeans to my knees, then kneeled between my legs and swallowed every hard inch I had in one go. My head swam as she gobbled me with total enthusiasm, even sucking my nuts. Before she took me too far she backed off and hitched up her skirt. She had no knickers on, just a big hairy cunt. Clutching my cock in her fist, Anthea settled herself in my lap and imapled herself to the hilt.

"Ahhhh, yes!" she sighed as she started to move. "That's the stuff!" She undid her blouse and freed her massive bosom, bouncing her tits in my face as she rode my rod. Her pace quickened as her face flushed. "Squeeze 'em!" she groaned, holding her tits to me. I did as she said, pinching her nipples as she exploded into orgasm on my cock. That's when I went off deep in her tight cunt.

"Good work!" Anthea smiled as she rearranged her clothing. "Not a word to anyone, of course." Of course, I thought as I pulled myself together. I've not broken my promise yet. Not told anyone, but then writing it down isn't the same, right?

MODEL BEHAVIOUR

Even though they happened ages ago, it seems the seventies just can't get out of fashion. Take these porno-themed vests from spanking new clothing label Tough Kookie – not only does wearing them make you look like the kind of funky pornstar who turns up to mend the taps and winds up boinking someone's missus, but they even have the titles of 70s snizz flicks emblazoned across the front. But they look better on girls because they're all tight and skimpy, which is why Natasha here is sporting them in a field. Anyway, Tough Kookie operate on a mail order basis [they also do pants and regular T-shirts] so give 'em a bell on 020 8830 4866 for more info.

BARBARA

PHOTOGRAPHS BY CHUCK FLANG

When you're the owner of a derrier as fine as Barbara's, it's criminal not to reveal it in scruff books like ours, which is a fact we regularly pointed out to the 23-year-old Welsh temptress during this photo-shoot.

"Well, I took it as a compliment, all you blokes staring at my bum and talking about it. I had no idea it had such a profound effect on men. I'm going to start wearing shorter skirts from now on – I might pull."

What, you mean you're not already taken?

"No, I haven't had a boyfriend for a year, I've been too busy at work. But I reckon I've got a bit rusty 'cos I haven't even had any offers."

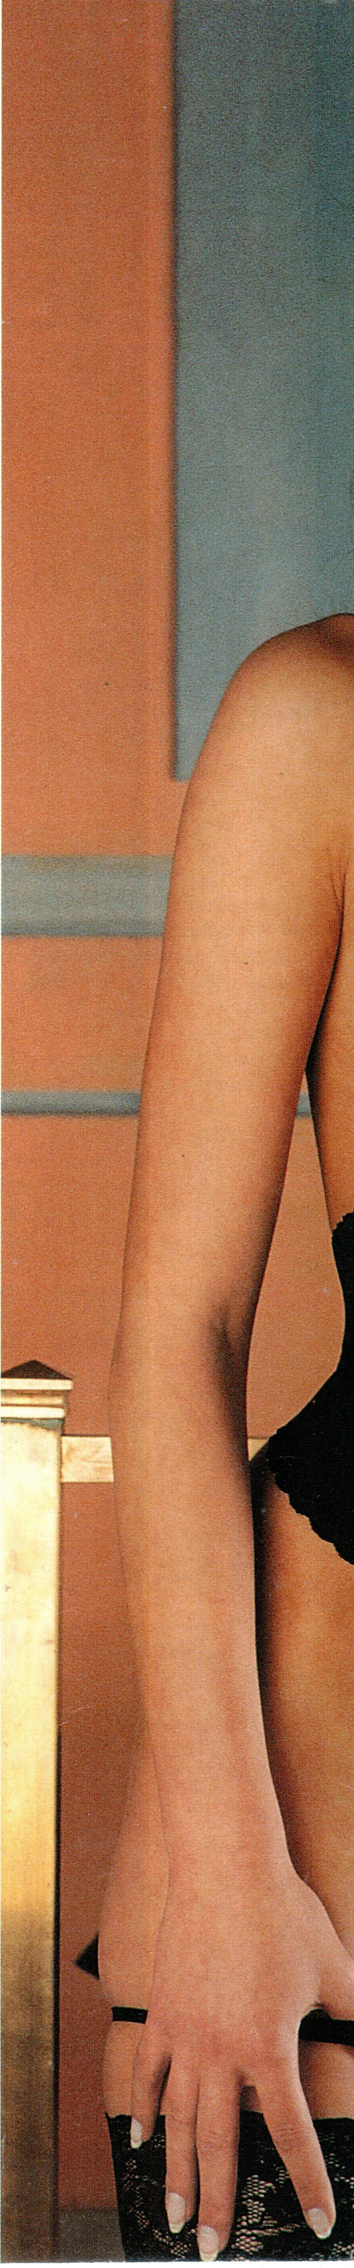
Uh, can we offer?

"Sorry, but the way you were discussing my bottom for hours indicates to me that you're not all that interested in the rest of me. I'm flattered, but there's no way you're getting a shot at me."

But we like all of you.

"Too late."

Arse.



The world of porno gets ruder and ruder, the girls get nastier and nastier, and our roving MO reporters get more and more nervous in the presence of women who fuck on camera. This month, Michael Trappe talked to US hardcore starlet Gina Ryder and went home to wank in his hand afterwards. And Pierre Perrone chatted with French babe Maeva Exel and then did the same…

FRENCH KISSING

If you head down to the South of France this summer, you may just come across pornstar Maeva Exel sunning herself on a beach. Unless she's being shagged senseless in front of the cameras. Pierre Perrone met her…

“I started my hardcore career with my boyfriend,” openly admits Maeva Exel, the olive-skinned Mediterranean beauty who's bridging the gap between homely Europorn and glossier US videos. “I got into the industry about two years ago. I'd studied architecture but I was working in a supermarket as an MC drumming up business. With Edouard, my partner, we were already heavily into the swapping club scene around the Mediterranean coast. He'd always wanted to appear in X-rated films, to perform as a stud in front of the cameras and hang out with porn stars. I'm rather broadminded and I must confess curiosity got the better of me,” she confesses with a lovely twinkle in her brown eyes. “When we met some people involved in the sex industry, everything happened really quickly. I did a few photoshoots and then some amateur-style videos around the Riviera,” explains the Niçoise star frankly.

“I took up the name Maeva when I posed for those photos and, since at the time there was another performer with the same pseudonym, I added Exel to avoid people mixing us up,” adds the Mediterranean babe. “I sent some of the pictures to Alain Payet, who is a famous hardcore director in France. He phoned me right away and I appeared as a naughty nurse in *Infirmières De Nuits* over two years ago. I work mostly with French people I know well like Fred Coppula and Patrice Cabanel. And since I still live near Nice, foreign directors see me at the Hots d'Or and offer me work, sometimes for local shoots which take advantage of the great weather. That's the beauty of the Mediterranean coast, you can always find a quiet spot to make love in the middle of nowhere!”

> **“We blindfolded him so he didn't know who gave him a blowjob and who rode his cock”**

EXEL-ENT!

Maeva has now appeared in a wide variety of videos such as “*Le Contrat Des Anges* and *Alexia & Cie*. I did a great threesome outside with another girl and Edouard. We blindfolded him and then he couldn't tell who was giving him a blowjob or who was riding him. Actually, I hope he could tell when it was me but I don't really want to spoil the illusion!” jokes the game girl with a penchant for off the wall characters. “The gypsy fortune-teller in *La Fortune De Gigi* was great fun. I told Bruno SX his immediate future was licking and screwing me and he fell for it! I love to work with Alain Payet and Marc Dorcel because they have good production values: make-up, costumes, set-ups. And they respect their actresses,” stresses Miss Exel.

“As well as France, I've done films in Spain, Italy and the United States. I went to Vegas to attend the AVN and I did get noticed,” enthuses Maeva. “Earlier this year, I shot *International Butt Babes* with a bunch of girls like Dolly Golden, Maren Beautte and Sana Fey. My threeway scene with Vivian Valentine and Kevin Long is worth a pop! I also like to make out with two guys, especially when there is some attraction and chemistry going. I can easily come with a dick up the ass, in my pussy or when someone licks me out !” she gushes without even so much as a blush.

Equally at ease with her libido on set and in real life, Maeva Exel is still a “regular in the swinging clubs along the Med. L'Oustaou du Moulin is a particular favourite. You'll have to find it and come and join us,” she teases. “Becoming hardcore performers hasn't gone to our heads. We still do it for fun rather than for the money. So my lifestyle with Edouard hasn't changed at all. We still go to the same places where everyone welcomes us with open arms. Sure, they ask us questions about the shoots but we have a great time all the same.” I think I know where I'm going for my holidays…

RYDER ON THE PORN

Isn't Gina Ryder nice? She's turning heads and raising the contents of mens' pants everywhere. And she talked dirty to Michael Trappe earlier today...

How did you get into the adult industry?
I danced for about a year and a half, and got bored. I looked at porno and thought it didn't look so bad, it looked pretty easy to do. I called Wicked, VCA and Vivid, they referred me to an agent, and I started doing movies. I've been doing movies for two years.

Do you remember your first scene?
It was for *New Sensations, Video Virgins 42*. I worked with Tony Tedeschi and it was really pretty good. They did an interview and then they introduced me to the pocket rocket, which I'd never seen before; they have you masturbate for a little bit and I came a couple of times before we even got to the sex. By the time the sex came, I was ready for it. No nerves. It was a piece of cake.

Do you have any favourite scenes in your movies?
I had a scene with T.T. Boy and Dee in *Illusions*. I love doing a guy and a girl at the same time, and that was a pretty scene; it was in a mansion and we had these long gowns on. And it was really good chemistry. Also a scene with Mark Davis and Jill Kelly in *Street Meat*; we were told to talk shit, talk nasty stuff, and I think they had the right people for that. Mark performed really well, Jill was talking trash, I was talking trash, and we all got off.

Who are your favourite performers?
Shay Sweet because she's really nasty and doesn't look like she'd be. Jill Kelly, 'cos she totally lets loose and lets you get her off. T.T. Boy, 'cos he's T.T. Boy! And Mark Davis, 'cos he knows how to fuck me. Which is hard! He does it hard, but in the right way. I can't explain it.

What do you like most about doing porno films?
The sex. Fucking and getting off. And getting paid for it! Which scene made me get off the hardest? I'd say it was in *Gina's Girls 2*; I worked with Allysin Chains, and she's got the same sort of thing as Shay Sweet going on, she's got that really sweet innocent look but when she starts having sex it's totally different. She and I had a scene where she stuck a dildo up my ass and I had a vibrator on my pussy and she was fucking me really hard. It was amazing. I came really really hard, the hardest I've come on camera.

What's your best position?
Eating a girl's pussy while someone does me from behind. My favourite pussies to eat? Jill Kelly, Charmane Star and Shay Sweet. They've all got really cute pussies. They all look pretty.

What's the best way to get you off?
Oh gosh. There are so many ways. I just learned this new thing where you put your fingers in my pussy and put pressure on my lower stomach as you rub my G-spot. It's the most amazing thing. I don't know what you call it, we've got to find a name for it.

What do you like best about sex?
Sex with men? I like to suck cock and I like to be fucked really hard. And I guess that's pretty much it. Now, a woman is really sensual and it usually starts off really soft and pretty, but once you get them off, they start getting really wild and crazy and they really want to get fucked. I like to see the climax as it builds up.

What do you think you're best at, sexually?
I think it would have to be eating pussy. I know exactly where to go. I think that I've gotten every girl off who I've worked with. On the set of *Gina's Girls*, I was doing one girl, Amber, on the edge of a tub, and when she was about to come, she totally slipped and fell in the tub. She was like, "Oh my goodness, I just came SO HARD!" Another girl on set was like, "I want to know how you did that!"

> **"She stuck a dildo up my ass while I had a vibrator in my pussy – I came really hard"**

Is there anyone you haven't worked with yet who you'd like to?
Asia Carrera. Just for the way she carries herself.

What are your latest releases?
Skin Tight from Adam & Eve. *Catchmeifyoucan.com* from Metro. *Gina's Girl's 2* from Dreamland USA. *Naked Ghosts* from Midnite.

Which words would you use to describe yourself?
Easy-going, honest, sexual. That's three.

Is there anything that you haven't done on film, that you'd like to do?
Yes. Anal and DP. My ideal DP would be Mark Davis and Eric Price. Or Brad Armstrong.

What are your future plans?
I'd like to get my name out there. I'd like to do more feature films, then go out feature dancing, and stick around as long as I can.

How can your fans get in touch with you?
I've got a fanclub, which is at P.O. Box 990, Zagora Hills, CA 91376. Go to www.ginaryderxxx.com and www.ginaryder.com to see me on the web.

Why should a porno fan rent your movies?
If they want to see somebody get off and enjoy it, and get fucked and let loose, they should rent my movies. I like to enjoy myself as much as I can when fucking. And if I'm really enjoying myself, they will too.

Mo

JUDITH

On a spectacularly badly-planned staff outing to Alton Towers, the MO editorial team collectively spotted trainee physical therapist Judith in a queue for some stomach-churning ride or other. Without hesitation, she was asked if she wouldn't mind stripping in a mag for cash.

"That was such an odd day for me. I'd never thought of doing anything like that before, but as soon as it was suggested… well, I just had to say yes. I reckon I could get into this modelling lark, as well. It's been a pretty good laugh so far."

Rockin' good news. Any thoughts about what your family might think of your new career direction?

"They'll be happy for me… if they ever find out. Know what I mean?"

Don't worry, Judith – your secret's safe with us.

A MEN ONLY GUIDE

Text: Tym Manley / Pics: James Rudland

Men, have you ever felt that the odds are stacked against you in this life? Well, you're right – women have it all their own way. Young women do anyway, and for one reason only – we're totally gaga about their odd-looking bodies. (I mean what a mess! Really! Bits sticking out everywhere and simply full of holes! A woman is a camel designed by a committee).

But it's no good telling us men that. We're hooked on that jumble of spheres gone pear-shaped. They curve here, they bulge there, this wobbles when they walk, this jiggles when they toss their heads. And we can't keep our eyes off it. Not our fault. Not their fault. It's in the genes. Man is programmed to see a shape in the semi-dark and check it out as female, nubile and shaggable (or not) in ninny seconds, just from the shape of it. Fairly essential in the primordial swamps, unless you want to end up shagging your cousin Des. Like poor old Cro-magnon man. You know the chap? Bigger than us, better manners, more intelligent. He just couldn't pick a nice pair of tits when he saw one. Went extinct.

UNFAIR SEX!

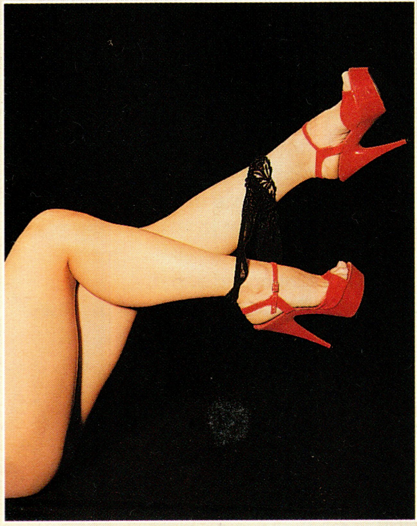
It's not fair! Women lord it over us all the time because they have a monopoly on heterosexuality. There is no competition. Now if there were alien girls, eyes aslop with mercury, who immobilised you with warm sticky tentacles and brought you to a blinding orgasm along the optic nerve, we might be getting somewhere. But they seem rather short on the ground. So we're left with tits and bums and that soft bit just behind the pussy lips that's so damn edible...

Nubile women can't lose because they are all sexually attractive, even Anne Widdecombe. An ugly girl may seem off-putting as a whole, but try looking at her as a hole. I mean, imagine the way her pussy lips open as you heft her big heavy buttocks and...

They're all like the curate's egg – good in parts. It's not just in the hairy bits, her funny broken smile might do it. Her almond eye. Her razor rash. Even that very slight moustache... When it comes to nubile women, men are betrayed before they open their eyes. Nature has already sold the ass.

> "Imagine the way her pussy lips open as you heft her buttocks..."

LEGS & FEET



The female legs are a fool's highway; it being generally held that if a man can catch a girl by the ankle he can usually find his way to her pussy, unless he is so shit-faced drunk that it doesn't matter anyway.

General Description: The feet are a world of their own. Reflexologists tell us that each section of the foot directly controls some part of the body, which is why reflexologists never have to get their cocks wet.

You can make a girl come by sucking her second toe, you see? Or fuck her up the arse by manipulating her left heel and she won't even know! Fair gives you a hard on just thinking about it. The legs, on the other hand, dig with the other foot.

Sexual significance: The legs hold the key to the consummation of a relationship. All depends on whether they spread and how. Wide is good, provided the knees fall to the sides. If the knees spread fore and aft in sprinting mode, you may not have won the young lady's confidence. Because they have the power to lead you to, hide or throw open the inner sanctum, we dress legs in dark material like butlers or, perhaps, priests. The dark stockings contrast with and show off the dazzling white flesh of the secret places which hold the consecrated cup.

The sexual significance of feet is to do with dominance and control. The slave licks his mistress' feet, and, being ignorant of reflexology, mistakenly jabs his fingers into her eye. So the outraged mistress, in the unfeasible high red stilettos, lets her weight bear down, almost unbearably, on the erect penis of the grovelling worm who, just ten minutes ago, was a High Court Judge.

Use: Legs should be stroked until they part then sharply slapped until they open wide enough for you to get the whole of your face into her cunt. They may then be relied upon to arrange themselves around your waist, over your shoulders or however to get the most pumping cock as far up her as humanly possible. Feet are, as we have seen, largely anti-social and best ignored.

MOUTH & LIPS

The only female sex organ allowed to go uncovered, the mouth is the most dangerously horny of them all, though no one seems to have noticed. True, the Muslims hang a petticoat over it, but one feels that is from the scattergun approach of putting a tent over anything female, just in case, rather than real awareness of its power.

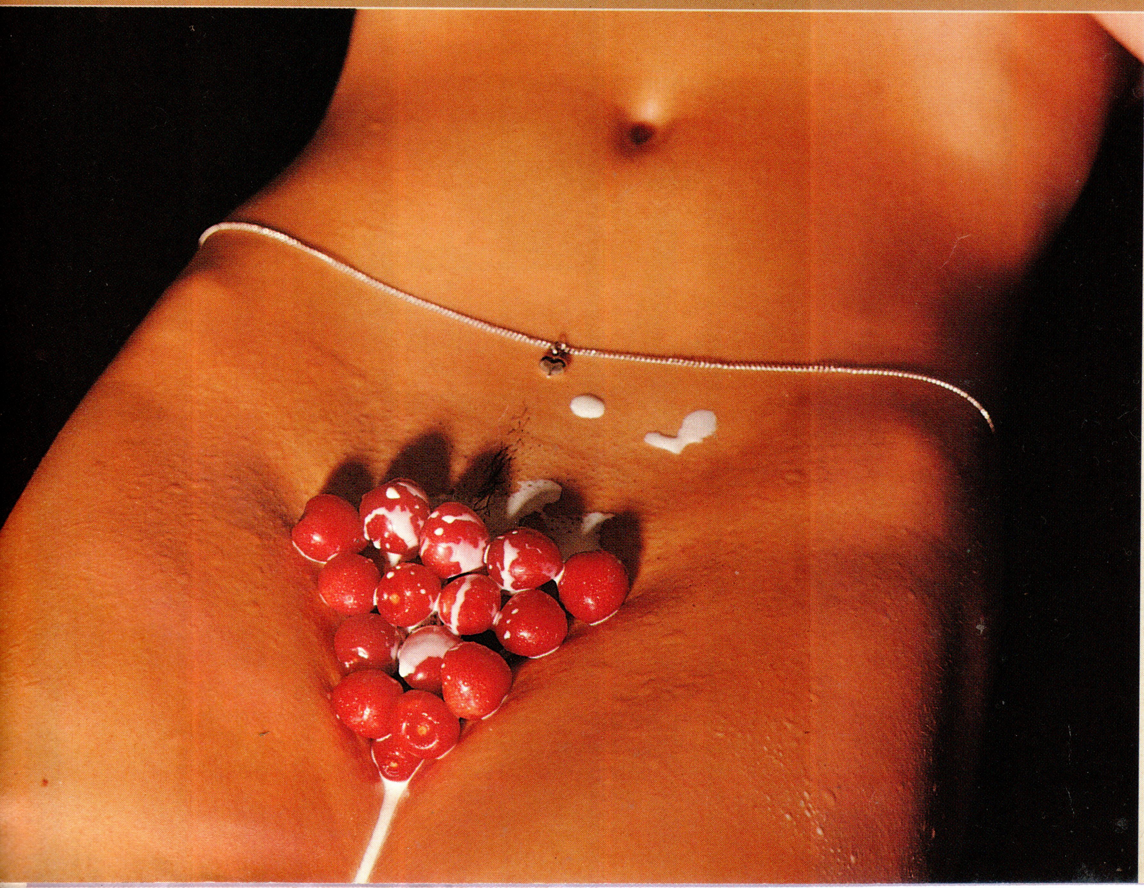
General Description: A woman's mouth controls a sexual relationship from that first crooked half smile, as she realises how gorgeous you are, through the trembling pouting demand to be kissed, to that frank stare of amazement as your huge penis rears up above her, blocking out the sun. (When I say 'your H.P' I mean 'my H.P', you understand).

The mouth buries sexual love, too, becoming an ever-moving hole from which is broadcast constant updates on your personal imperfections of mind, body, character and anal sphincter.

Sexual significance: As with the other sexual organs the mouth swells as a woman becomes aroused; the lips getting plump and shiny and opening slightly as the tongue sweeps across them, spreading its mucous. And from between the lips her breath, fragrant with hormones, comes in brief erotic pants. Sounds just like a pussy, right? And with good reason. Desmond Morris went through all that in *The Naked Ape*. When humans went on all fours, he suggested, the prime sexual come-on was presentation of the female buttocks with the gaping cunt between. But alas, when we stood up, that all disappeared under a generous coating of M&S underwear. So the breasts took over from the buttocks with the mouth representing the gaping minge below, (also in brief erotic pants).

This means that when you congratulate a woman on a nice pair of tits you are actually saying she has a face like a monkey's bum and a mouth like a cunt.

Use: In general, her erectile tissue likes to be crushed and stretched by your erectile tissue. So bruise the lips with ardent kissing and when truly fat and wet, feed them the soft, smooth, purple helmet of your rearing cock. And don't hold back. Nothing suites the female mouth better that crushed crimson lips set off by a pool of pearly come in the hollow of a loving pink tongue.



PUBES

If any further evidence was needed that nature thinks men are stupid, you need look no further than the pubes. The female pubic triangle is cunningly crafted in the shape of an arrow, pointing so exactly to the sticking place that no one but a complete idiot could fail to spot where to shove it.

General Description: The pubes are the tripwire of sex. Like the Rubicon River, the Minuteman missile line in Alaska, and the reddening of the labia minora during sexual excitement, they are the watershed. Once crossed these things meant war, global destruction and orgasm, there is no turning back. And once a woman has let you see her pubes you are certain to fuck her.

The knickers coming down and the pubes gaily uncurling in your face are a promise, and many a prick acknowledges that by lurching to its feet at the first sight of anything short and curly. Like a miniature poodle.

Sexual significance: Pubes are also the final barrier to penetration. Not physically, of course – although I suppose if you knotted them across the

opening you would, given six months, a strong magnifying glass and a dead woman, produce a fairly secure chastity belt – but symbolically. Within these hirsute lips IT lies. Roll back these gates and the labia swell and thicken, cherry red. The clitoris pulses like a ruby, presiding over the deep mysterious cave in the centre of a woman which all men long to penetrate. But fear.

Oh yes, we fear it alright, Sigmund Freud actually proved it. I mean, he was a cunt and everyone was afraid of him. What if a snake slid out of her chuff, hissing, with fangs bared? We think. What if the vagina grew teeth and chomped your chopper off? What if a baby shoved its arm out, shook your hand and called you Dadda?

And what finally persuades you these things won't happen? The pubes so soft and furry, of course. That's what turns the scary cunt into a harmless little furry pussy diddums, isn't it?

Use: Pubes are mainly for stroking until a loud purring can be heard, although, should a girl get a fly in her eye, picking her up by the pubes makes her tear ducts water enough to wash it out easily.

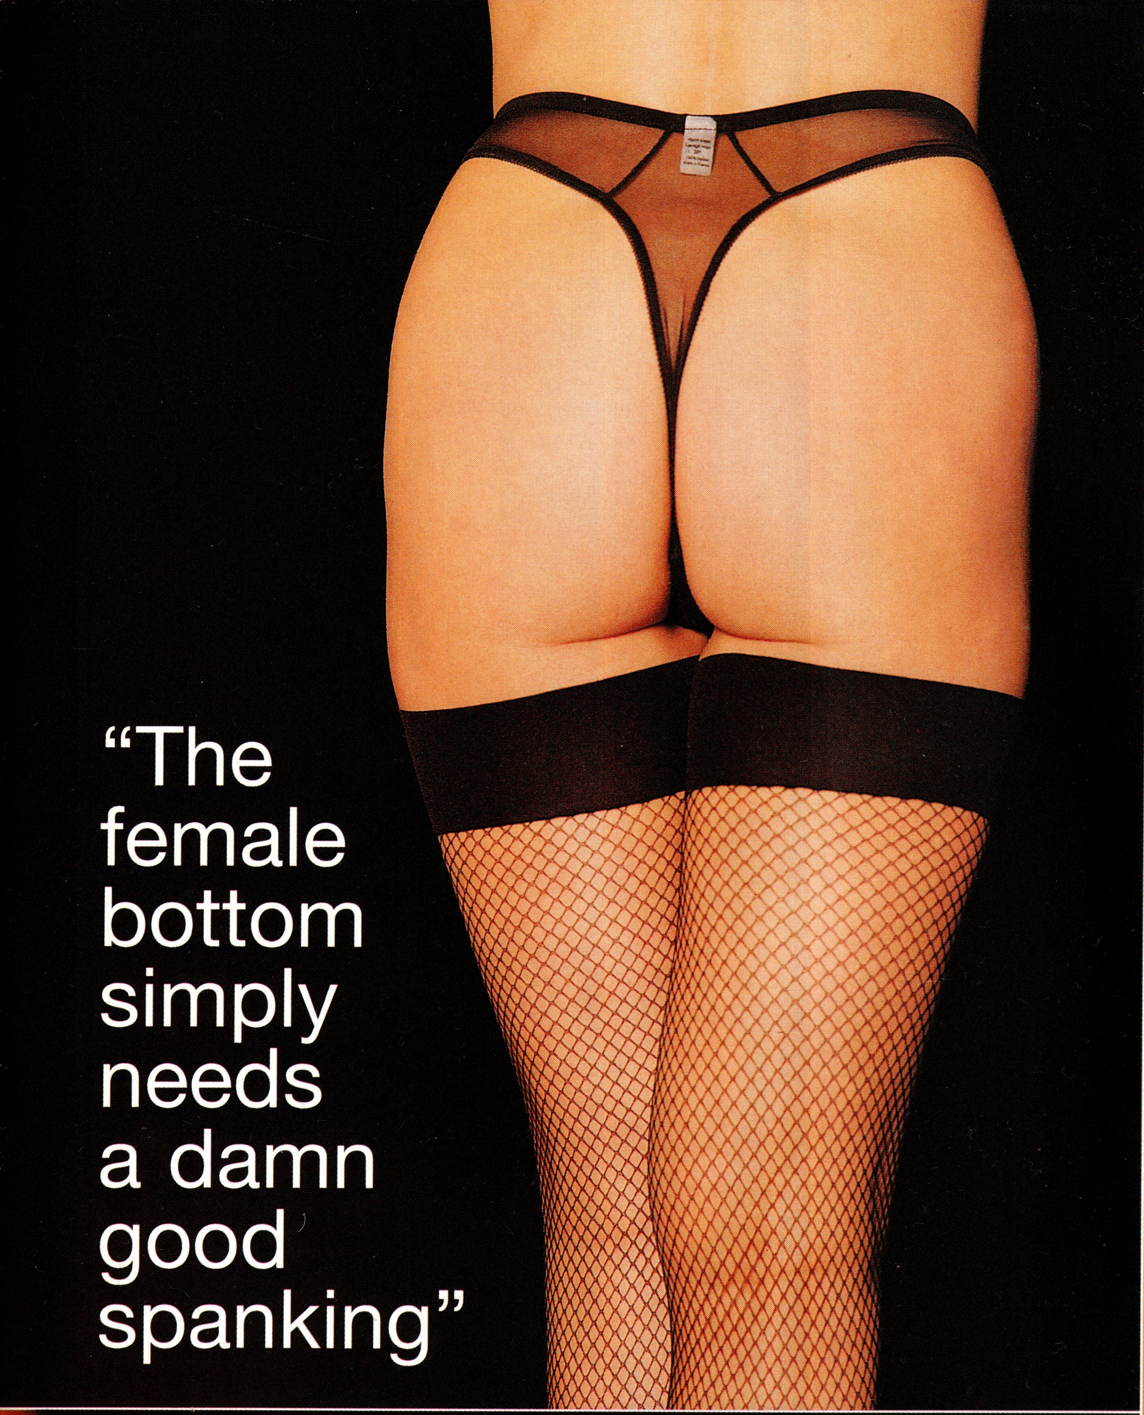
BOOBS

If you want to see a man make a fool of himself, show him a pair of tits. Respectable solicitors turn beetroot red and splutter nonsense, lads get anxious and bray like donkeys, grandfathers cuddle up and suck on them making the sound "Goo goo" and "goo".

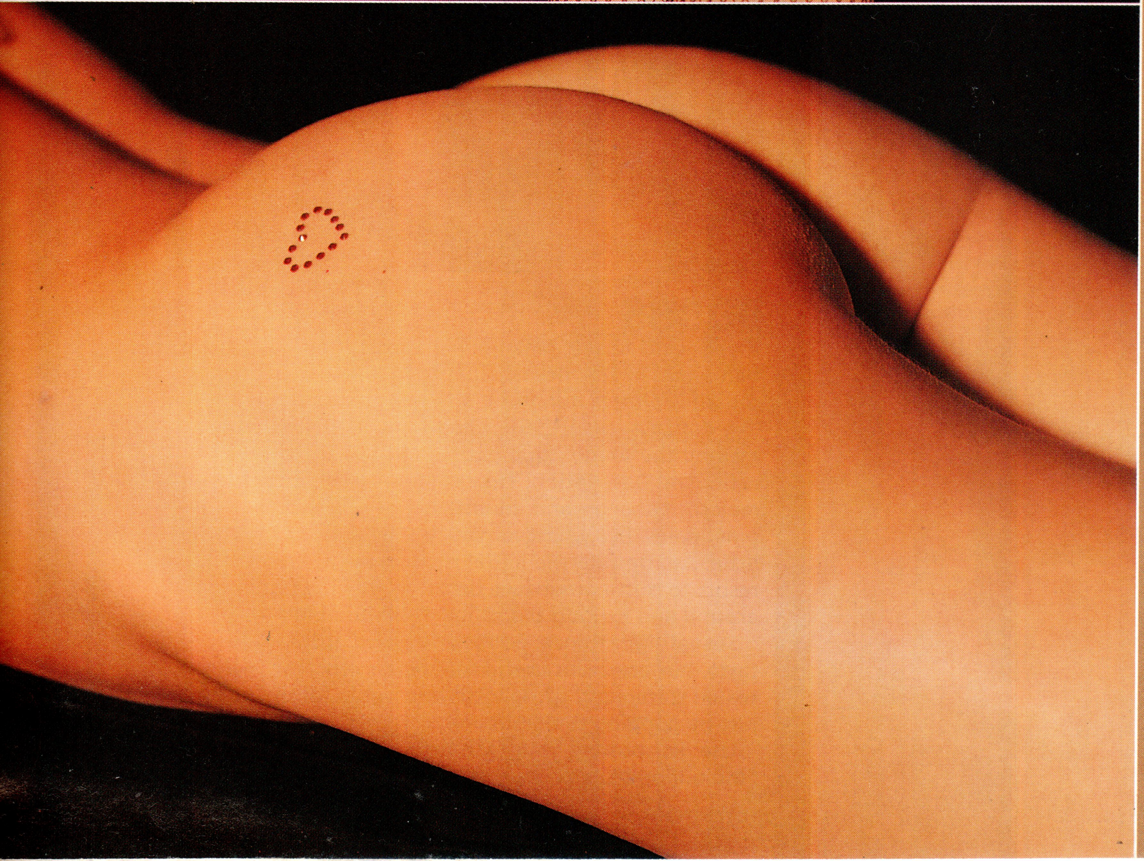
General Description: They come shaped like footballs, melons, bananas, and, in unfortunate cases, like pineapples. But whatever shape they are, they are very little use. Despite the initial excitement, we generally resort to putting our face between them, wriggling it around and making the sound "Bblblblblblub.

Sexual significance: Boobs are aimed at infantile taste, but are quite useful to women, who can make a sexual statement, cause a stir and get in all the papers just by popping them out.

Use: For putting your face between and going "Blblblblbulblub".



“The female bottom simply needs a damn good spanking”



BUMS

The female bottom is the driving force at the centre of the universe, the meaning of life and the lifeblood of Marks and Spencer. Watch those bums wiggling down the street and you quickly realise they are the healing salve in the battle of the sexes. Because, no matter how ugly a girl contrives to be, she'll nearly always have a nice bum.

That's because they leave their butts alone. They don't paint them, pluck them, or cover them in cream. Quite right. The female bottom doesn't need blusher. It just needs a damn good spanking.

General Description: A good bottom should be prominent when a girl bends over the back of a chair say, or some convenient item of furniture. It should be so configured that the act of bending brings the pussy pleasantly into view, but not gaping. Similarly, the rosebud should be a bud, not a raddled crater. The buttocks should be rounded and heavy, the skin clear, smooth and shiny with tiny blonde hairs – like a peach.

Sexual significance: Significance is too light a word for the bottom. Fundamental is the best description. It is the foundation on which our society stands.

Fact: Men and women have to be able to live together for some years if they are to successfully rear children.

Fact: Men get bored easily, are physically stronger than women and can't abide being told what to do.

Fact: Women are, much of the time, an unbearable pain in the neck.

If it weren't for the fact that a man can pull a woman over his knee, lower her knickers and smack himself back into a good humour, there would be no society as we know it. Luckily, man can do this because most women quite like it and quite a lot secretly love it. Some, of course, just hate it. But they're easy enough to spot. They're the ones who kick you in the balls. For the rest of humanity reddening buttocks, all a-jiggle, produce delightful, fruity sexual feelings in man and woman alike, leading to general shagging of the more energetic kind.

This is partly because buttocks and genitals share a common nervous system. Also because the position used in spanking is identical to the ‘submissive’ position in primates and serves the same purpose. In the female surrendering to a man, submitting and giving in have long been associated with sexual pleasure. Recently feminism has taught women to hate themselves for such feelings and to blame men for producing them. Which is a bit of a bore.

Use: Nevertheless, spanking is rather on the increase as a form of sexual foreplay. Obviously if a woman gets disgusted with herself for experiencing submissive desires she may conclude she deserves a damn good thrashing.

DECORATIONS

Purists insist the female body is so glorious to look upon that it needs no decoration or enhancement. Women aren't purists. See it from their point of view – they're not besotted by their bodies, they are not driven insane by a curve, a smoothness, a fragrance, or the pouting of a throbbing lip. No, they see the real thing and they know it can use all the help it can get.

Men believe women are vain, but it's not so. They are constantly told they are beautiful. But they have mirrors, they have eyes. They don't believe it and demand constant reassurance. Only lesbians are confident in their beauty and they don't count. Well, only up to ten.

General Description: Body enhancement comes in two kinds – hardware and software. Jewellery uses hard glittering metals and stones to dazzle and rattle, camouflaging the saggy spotty bits. Clothing conceals the hairy bits in order that we should want to see them so much we overlook the rest of the mottled pudgy stuff.

Sexual significance: Jewellery is luxurious bondage gear, blessed by tradition. Chains no longer secure her to the bed, bangles no longer secure her wrists behind her back. The diamond-studded whiplash now holds her trousers up. But all these things are symbols of ownership.

Never forget this. It is the most convincing reason for not giving a woman jewellery you are ever likely to come up with. Though she will be quite happy for you to buy her a bondage suit. She'll probably go clubbing in it.

Gloves, too, have become sexually charged. Used erotically they suggest a distancing from the sexual act. A girl who masturbates in silk gloves is in control. A girl who masturbates in leather gloves is dominant. A girl who masturbates in driving gloves is not going to be able to hold the steering wheel if she gets a puncture at 150 mph.

Use: If they're rubber gloves she's wearing, keep your buttocks clenched and your back against the wall.

PUSSY WILLOW

Sports nut John Vincent gets stumped by streakers...

People who bought the Millennium edition of the cricket fan's yellow-jacketed bible, Wisden, got an added bonus this year. Along with the pages of mind-numbing statistics, obituaries of people with posh names and the report on that high-class sporting clash, Eton v Harrow (so marvellous to see A.T.R. Kitchener-Pomp doing well, incidentally), readers flicking through the team photos of the county squads were also treated to what appeared to be a glimpse of an unguarded middle stump.

The badly disguised googly belonged to Matthew Simmonds of Leicestershire. He and his employers have since denied that the smirking journeyman pro was showing off his idea of a good length as some kind of dressing room prank (and that's not cockney rhyming slang by the way). They claim it is simply a trick of the light. Those who have seen the offending area after a blow-up, aren't so sure, however. Batsmen have helmets. Tricks of the light usually don't.

Whatever the truth about Simmonds' little away swinger, the fact that it got into Wisden in the first place illustrates a point, as it were. It says something for the more or less total lack of interest in county cricket that even when a player waves his willow about in public these days nobody notices. Not even those who are paid to watch.

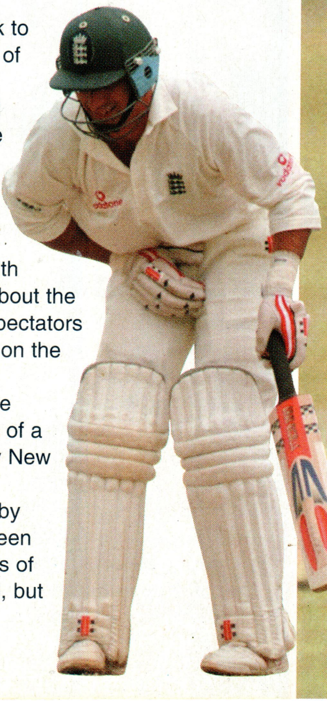
Predictably, the snap of Simmo's snickometer raised a furore amongst the authorities. Though the timing may be co-incidental the London-born player has since announced that he is giving up professional cricket at the end of the season. He is going into education. Which should at least liven up the start of term school photo-shoot.

Instead of condemning the Grace Road flasher maybe the powers that run the English game would have been better off giving him a few quiet words of encouragement. After all nudity has often been the only thing that has brightened up the dull slog of the English season.

> **"Readers who saw the team pics were treated to a shot of Simmonds' unguarded middle stump"**

The tradition goes all the way back to 1744. According to Carr's Dictionary of Extraordinary English Cricketers, in that year at Spitalfield cricket ground in London two East End ladies of the night – "Black Bess of the Mint" and "Little Bit of Blue" – were employed to liven up boring passages of play by running round the field without any knickers on. With the bottomless broads scampering about the outfield it must have been hard for spectators to keep their eyes on the crease. Or on the cricket for that matter.

Everyone has heard of the Bodyline Series of 1932-33. A Bodyline Series of a different sort was regularly staged by New York millionaire Hesketh Naylor who entertained himself a century earlier by holding regular indoor matches between teams of naked prostitutes. No details of the rules used have been discovered, but



rumour has it that the bowlers were limited to two bouncers per over. As were the batsmen and fielders.

Nudity was less prevalent over the next 140 years and crowds were forced to put up with watching Grace, Bradman and other ugly mugs of that ilk hitting, throwing and catching the ball instead. Boooooring. However, the covers came off with a vengeance in the 1970s when the lead given by Black Bess and her chum was at last taken up by a new generation. Streaking first took-off at rugby union matches. The sight of Erika Roe's impressive mammaries momentarily giving Twickenham a landmark to rival Wembley's twin towers and causing Steve Smith to remark to Bill Beaumont "Bloody hell, Bill, there's a bird here with your arse on her chest". Clearly the cold weather with its threat of natural shrinkage, was a deterrent, however and soon cricket had become the chosen sport of the athletic nudist.

Lords' first streaker was a memorably lard-arsed young chap, Michael Angelow (though he looked more of a Rubens to me) who dashed across the square and jumped over the stumps during the England v West Indies confrontation of 1973. Mike was acting to win a £20 bet. John Arlott in the BBC commentary box offered an unflattering appraisal: "We've got a streaker. Runs down the wicket now. Not very shapely and masculine". Brian Johnson meanwhile found the whole thing very amusing. "He leapt over the wicket," he chuckled, "But luckily didn't damage the bails". In a nice touch of modesty MCC members must surely have approved, the chubby cheeked streaker kept his socks on.

Luckily not all participants were in possession of a short leg. In 1995 (when West Indies were again the opposition) the square at Lords was visited by a young woman many consider to be the best streaker of all time. Indeed, even the head of the MCC was impressed, commenting, "They had one at Twickenham once. But ours was better". Indeed. If she'd been brought on to bowl there'd have been no shortage of volunteers to offer her a deep midwicket.

Less enamoured by the nude intruder was the English batsman at the time of the young slip's dash and jump over the stumps, Peter Martin. The Lancastrian pace man was plainly unnerved by the unexpected sight of an extra gully. He got out next ball. Fittingly enough it was a bouncer.

After that things got, well, out of hand. In the same series mass streaking broke out in Manchester. Sunday's play at the Old Trafford test was interrupted no fewer than seven times. One man who rather enjoyed it was neutral umpire Cyril Mitchley. The South African evidently felt more than his finger going up as a couple of tabloid-sponsored dollies ran onto the field. "We saw some magnificent streakers," he recalled a few years later, "One of them jumped over the fence and headed straight for Dickie Bird. A confirmed bachelor, he beat a hasty retreat". Mitchley now referees his nation's version of Gladiators where he seems to enjoy the spectacle of muscular women in lycra hitting one another with gigantic q-tips as much as the rest of us.

"One of the streakers jumped over the fence and headed for Dickie Bird – a confirmed bachelor"

Dickie Bird wasn't impressed, however, and neither was John Bower, chief-executive of Lancashire C.C. He was so incensed he asked for streaking to be made a criminal offence and wrote to the House of Commons on the matter demanding, er... stiff penalties. One newspaper reported the affair under the headline "Streakers are no-balled by cricket chief". Now there's stiff penalties and there's stiff penalties...

Last year saw fear of bare-arsed pitch invasions reach new heights amongst the flannelled fools who run the summer game. Most grounds that hosted fixtures during the 1999 World Cup had specially trained streaker squads, a dozen or so stewards detailed to watch out for people stripping off. These crack units were armed with paper suits to cover any unguarded blockholes or ill-disguised beamers.

Apart from a very dull day at Trent Bridge in the England v New Zealand test at which a restless crowd threatened what might well have been the first pantless riot in sporting history, the level of success achieved by the anti-nudist groups was high. Perhaps it's no coincidence that this year crowds at international cricket in this country are the lowest for decades. If there's no prospect of seeing a decent streaker, what's the point in going?

GIRL 2 GIRL

with Emma & Laura

Nurse Emma went on her hols to film *Babes Abroad* and got up to some extra-curricular 'sports' with co-star Laura. And here it is...

Emma: Look at you, you're looking really well. Have you been on holiday again?

Laura: No, I haven't been away since we did *Babes Abroad*. That was definitely a holiday that will never be repeated.

Emma: Unless those nice fellas at MO cough up again.

Laura: You are such a scrounger.

Emma: Well, they got something good out of it and so did we.

Laura: I suppose so. Great holiday, good company and lots of very enjoyable sex.

Emma: Hmmm. That was a major contributing factor to how much we enjoyed it. I was quite shocked at how easy it was to shag so many gorgeous girls.

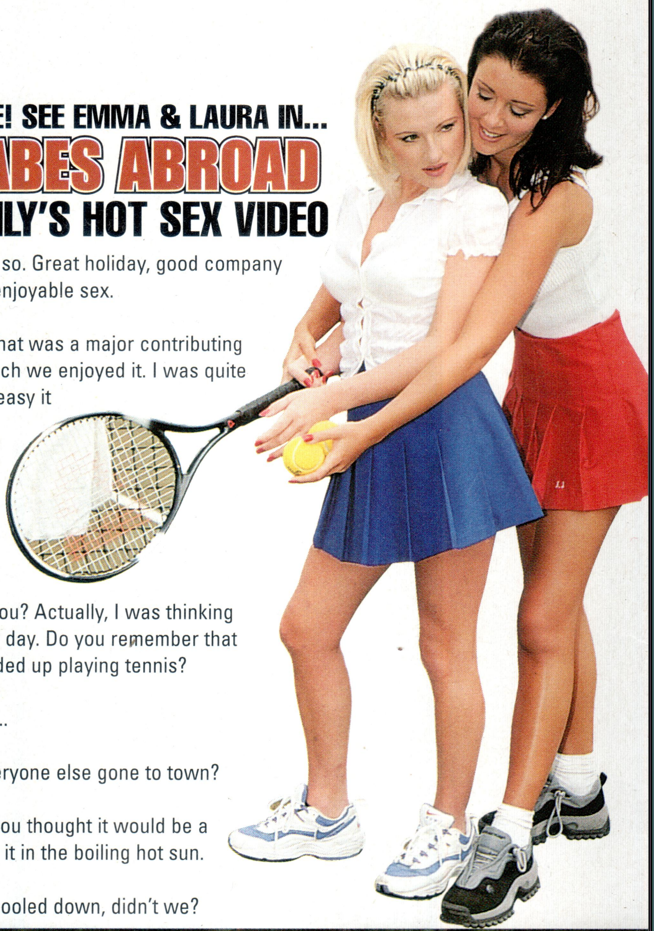
Laura: Yes and you took full advantage of the situation, didn't you? Actually, I was thinking about it the other day. Do you remember that day when we ended up playing tennis?

Emma: Mmmmm...

Laura: Hadn't everyone else gone to town?

Emma: Yes, and you thought it would be a good idea to play it in the boiling hot sun.

Laura: Well, we cooled down, didn't we?



Emma: Yeah, I don't think I've ever enjoyed a cold shower quite so much as that one.

Laura: You looked so cute in that tennis skirt, I couldn't keep my hands off you. As soon as you stepped out of the changing room, I started to feel horny. You have the nicest, most sexy legs and they looked exceptionally nice disappearing into a short white skirt. All I wanted to do was run my hand up the inside of your thigh and feel your luscious arse, squeeze it and rub my fingers over the crotch of your panties.

> "All I want to do is feel your luscious arse and rub my fingers over your crotch"

Emma: Oh, don't say that, you're being so rude.

Laura: Yeah, well, I'm feeling a little rude and I love talking dirty, so you're definitely going to hear some more filth from me.

Emma: Oh, what a shame. So, tell me more about what you wanted to do to me.

Laura: Actually, I think I did most of them to you after we went inside. I was really keen to get you out of your tennis strip and you were very obliging. I was going to ask you take your top and skirt off but you beat me to it. I must say it was a very pleasant surprise to turn around and see you standing in just your bra and panties. You have beautiful breasts, by the way, and although it was warm I could see the outline of your nipples through the lace of your bra. Why were your nipples so hard?

Emma: Because I thought that you were probably going to try and have sex with me. I'd been thinking about it and I was excited about it. I knew you couldn't see it but I

J.J

was really wet as well. As I was standing there I was hoping that you would take off your top and shorts. I know we'd seen each other naked loads of times before, but because I knew it was just for us and because we were both feeling so excited, it was almost like I was looking at you for the first time. Watching you step out of your shorts and seeing you standing there in those tiny white briefs, knowing what was under the material. It was making me so wet. I am now. Feel.

Laura: Oh, you are. Oh, Emma. Can I touch you here?

Emma: Yes. Rub me really gently. I want you to touch me. Put you fingers in me, too. I want you to feel how wet I am. My clit feels really hard as well.

Laura: It is. It's so hard. Oh, Emma. This is how it felt when I touched you before.

You were so slippery under my hand. When you lay down on the floor of the shower room and your legs fell open I could see how wet you were and all I wanted to do was taste you. That's why I knelt in front of you and licked around your clit. That's why I pushed my tongue inside your pussy and tasted your juice. I could tell how turned on you were by the way your hips were moving. The way that you pushed against my head to force my mouth harder down onto your cunt.

Emma: Oh. It was amazing feeling your mouth on me. I was so excited to feel you there. I came so quickly, too. You made me feel great. I think you were still wearing your pants and bra so I carefully removed those. Your nipples went really hard as I took your bra off. They were so stiff and I could hear you gasping as I sucked them carefully and then a bit harder until you were moaning and panting and I could feel you moving against me. As I carried on nuzzling against your lovely boobs, I let my hand slide down your stomach until it came to rest just over your panties. You were trying to rub your clit against my palm but each time you moved forward I moved my hand away.

Laura: That just made me even hornier. Knowing your hand was there and just really wanting the pressure of it on my clit to relieve the pressure in there. It was

WILSON

so mean to tease me but it really worked. I was fit to explode by the time you pushed back against me and slid your hand under the thin cotton of my pants.

Emma: I remember the feeling of my fingers pushing between your pussy lips. They were soaked with your come and they were hot and swollen. You ground against the heel of my hand and I could see you were very close to coming. I knew all I had to do was press harder on your clit and you'd climax. But I wanted to make you last. Like now. I like seeing you on the verge of coming but not letting you get there.

Laura: It feels amazing. I just want to spread my legs wider and push my cunt harder against you. Like when you were fucking me before. I wanted you on top of me so I could feel your weight on me, and we could kiss and you could suck my nipples and grind your hips against me. When I came you put your mouth over mine and kissed me really hard. I could feel your tongue in my mouth and I wanted you to put it on my clit. I wanted to taste my own come on your mouth. It makes me feel really horny to taste myself. Put your fingers in my mouth now so I can suck on them and taste them.

> “When I put my fingers in you, your pussy lips were so hot and swollen…”

Emma: Taste me. Put your hand here and push a finger in me so you can taste my juice. Do you want to fuck me again so your fingers get wetter? Wanna taste me?

Laura: Yes please.

Oh my God, I'm going to come. Oh, I'm coming. That feels so good. Oh, baby, lick me harder. I'm coming. That was so good. Now kiss me. I want you to taste yourself. Do you like that?

Laura: Yeah. Hey, I can't wait to see those pictures of you from our photo shoot. Would you mind awfully if I said I was going to frig to them?

Emma: What do you think?

Laura: That you'd probably like to because you're a dirty little bitch and the thought of me madly frigging myself over pictures of you would probably appeal!

Girls love whacking off, they really do. Don't listen to 'em if they say they don't – they're lying. Take next month's selection of Men Only babes, for instance. Every one of them, during their photo-shoot, played with themselves while our photographers snapped away. And then confessed to being regular pants-strummers. So don't feel guilty next time you're banging one out to the nation's favourite mucky book [that's us, incidentally], because girls do it too. And then some.

Anyway, you'll have to wait a whole four weeks until you get to see these masturbatory delights, so you might as well spill your beans over this copy a few times in anticipation. And don't bung this mag away when you're 'finished with it' either – do you know how much cash we go for when we're vintage? It's shocking!

"I could tell you lot wouldn't take me seriously when I said what I wanted to do. Just because I do some naughty photos, you just assume I'm into filming pervy things."

So you've never filmed yourself on the job?

"Well, I wouldn't go as far as to say that. I mean, I have to practice my camerawork whenever I can. But I'm not showing you!"

The world's longest race, the 5,920 mile Gran Premio del Norte ran from Buenos Aires to Lima and back again. Between them, Argentinian and Brazilian Grand Prix drivers have won more than a dozen world championships – Cubans haven't won any. And when the great Juan Manuel Fangio eventually did venture onto the island (to compete in the 1956 Cuban Grand Prix) he was kidnapped by Castro guerillas.

And yet in Latin America if old cars are what you're after, downtown Havana is the only place to go. People forget the Yanks were a big noise here once, in the 40s and 50s, when everybody wanted the biggest, flashiest, chrome-laden cars dollars could buy. But they struck for home after Fidel's revolution in '59, leaving behind all their old Caddies, Lincolns, Chevys, Pontiacs and Plymouths, an estimated 50,000 or more of which are still motoring today.

That so many have survived is nothing short of miraculous, if only because keeping behemoths like these running isn't easy. Not when subsidised Soviet petrol supplies dried up in the early 90s. Not when the US Government insisted on maintaining its 40-year embargo on parts and spares. And certainly not when the average pay packet is $12 a month at a time when a wreck can set you back around $8,000.

In fact their survival is down to the owners' enthusiasm and ingenuity, pure and simple. 10 years ago, the cash-strapped authorities tried to tempt more Cubans to trade their cars in for free Ladas (they hoped to stick the best examples in a new state museum and let the rest go for export). But most declined. Funny that, you'd think they'd jump at the chance to swap a classic piece of Detroit iron, V8 and all, for a Soviet-built shitbox. Instead they chose to carry on fixing them, using recycled stuff rescued from roadside wrecks, the odd Russian truck or tractor component, if these could be made to fit, and even home-made bits and pieces.

"Why swap a classic piece of Detroit iron for a Soviet-built shitbox?"

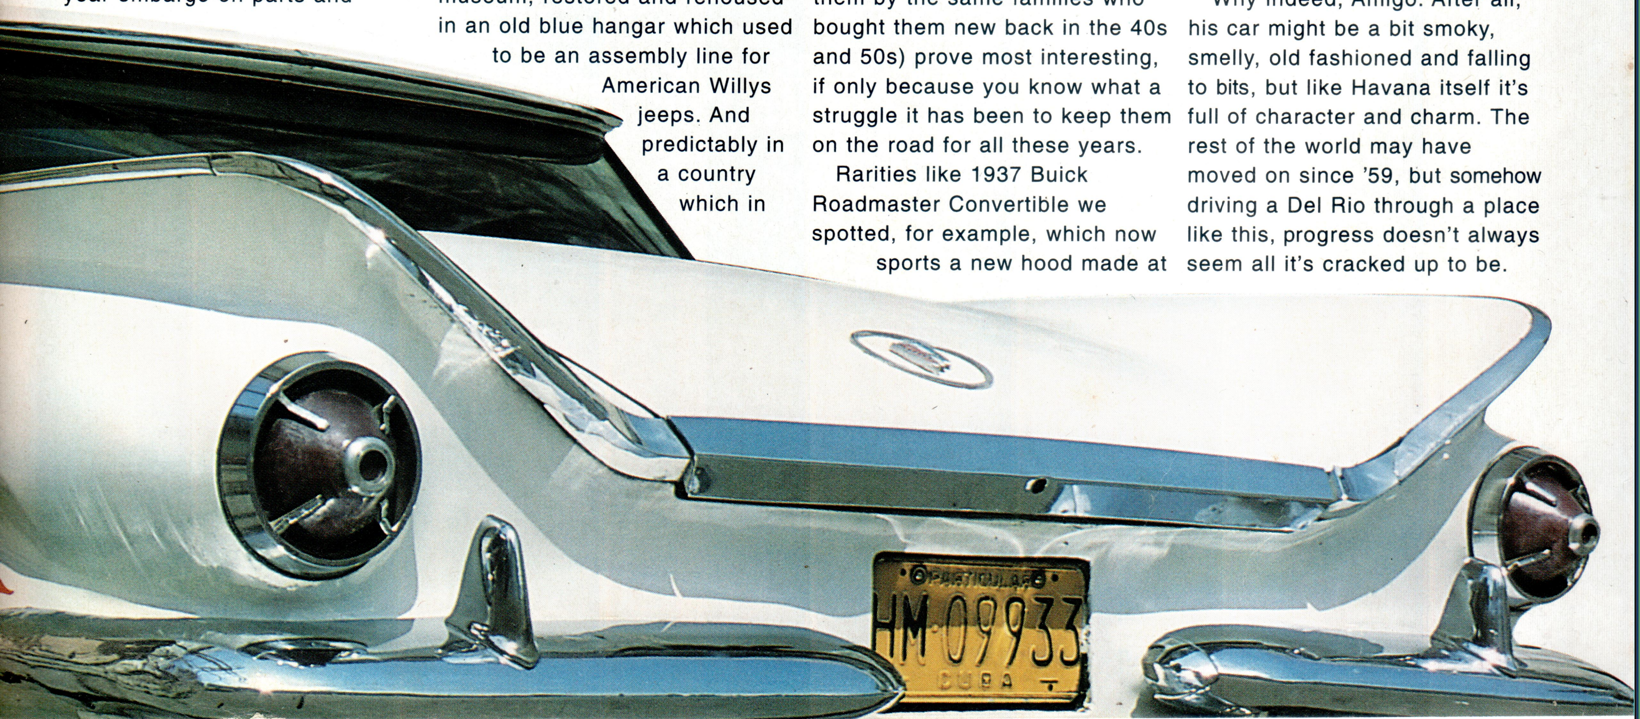
Some cars it's true eventually ended up in the aforementioned museum, restored and rehoused in an old blue hangar which used to be an assembly line for American Willys jeeps. And predictably in a country which in the 50s is said to have imported more Cadillacs than anywhere else in the world most of these are vast American luxo-barges and stationwagons. But there are plenty of classic European machines to be found on the island too, including some potentially hugely valuable pre-war Mercs, a Brit ambassadorial Daimler, an old Austin Somerset, even a pretty little Simca Aronde from France.

In theory, they're all owned by the people these days – that's to say, The State – because everything in communist Cuba is. (Strictly speaking, even those cars which are still nominally in private hands). And to be fair, the museum's collection has been restored to a far higher standard than any of the cars outside on the street. But even so, for most visitors to Cuba the ones which are still being used (many of them by the same families who bought them new back in the 40s and 50s) prove most interesting, if only because you know what a struggle it has been to keep them on the road for all these years.

Rarities like 1937 Buick Roadmaster Convertible we spotted, for example, which now sports a new hood made at home using pressed cardboard in place of the original canvas. That one had already been patched and painted by its owner a thousand times to match the car's well-worn upholstery, but eventually it fell to pieces leaving him to make do as best he could.

Or the chrome-finned '58 Ford Del Rio Ranch Wagon whose owner told us that scouting around for spare parts to keep his pride and joy on the road was his major preoccupation. "Sometimes when I can afford it," he said, "I get bits from a contact in Panama, or from relatives in Miami. But I've owned this car for nearly 40 years so I know that in Cuba anyone can get anything he wants, anything, as long as he knows who to ask and doesn't mind waiting. Why would I want a Lada instead of this?"

Why indeed, Amigo. After all, his car might be a bit smoky, smelly, old fashioned and falling to bits, but like Havana itself it's full of character and charm. The rest of the world may have moved on since '59, but somehow driving a Del Rio through a place like this, progress doesn't always seem all it's cracked up to be.



KERRY

When a pretty young woman disrobes in front of you and asks if you mind if she gets herself off with a shiny dildo, you find yourself nodding enthusiastically and dribbling a bit onto your shirt.

"You lot acted like you'd never seen a naked girl before! And seeing what kind of profession you're all in, I find that pretty fucking hard to believe."

You'd be surprised just how few naked girls we've been allowed to see.

"Oh, well that explains everything. Not that I minded having a bunch of men watching me while I played with myself. I can't pretend this was the first time that's happened."

Do go on, love.

"I can't give too much away, 'cos a couple of them have girlfriends, but I did start a mini-orgy once round at a mate's house. And I was the only girl – it was great! Needed a good shower afterwards, though..."

MO CONFESSION

Another hot sexpot spills the beans...

MO: Hi Jill, I hope this is a convenient time to talk.
Jill: Yes, it's fine, my boss has just gone out so I can talk plenty.

MO: So, tell us a little bit about yourself.
Jill: Well, I live in London and work for a computer company as a secretary. I live with friends from university but I'd love to get a place with my fella.

MO: So, you're attached then?
Jill: Yes, I've been with Simon for six months and we're doing pretty good.

MO: And does he know about this little thing you're doing for us?
Jill: Well, no, but I've wanted to do this for ages and I finally plucked up the courage to write in to you guys, so if he doesn't like it he can lump it!

MO: Okay, so you know the score. I get to ask you loads of personal stuff and you tell us all your dirty little secrets. Does that sound alright to you?
Jill: I just hope my boss doesn't come back or I'll be in the shit. Fire away.

MO: Start by telling us the dirtiest thing you've ever done on your own...

Jill: On my own? I suppose that would have to be ducking out of a lecture at university so I could have a wank in the ladies' loos. I had a crush on my lecturer and was desperate to shag him. I just couldn't contain myself one afternoon. I excused myself and ran down to the toilets, locked myself into a cubicle and got myself off. It was very quick and I went off like a rocket.

MO: Doesn't take much by the sound of it!
Jill: Sometimes my boyfriend only has touch me with his cock and I'm in ecstasy and other times it can take ages. It's good 'cos it's always a surprise.

MO: What an exciting lottery. Anyway, what's the dirtiest thing you've ever done with another person? Or people?
Jill: Well, I suppose you might not think what we did was dirty but the circumstances in which we did it were outrageous. I was at a conference with my boss and we were staying at a rather swanky hotel. I was having a whale of a time, chatting up all the execs, and drinking free champagne.

There was an evening meal and we all got drunk and ate complimentary aperitifs. I decide to hit the sack as I wasn't up for being really hungover the next day but I think most people were throwing caution to the wind...

MO: Were you there with your boss or just accompanying him for work?
Jill: Definitely just for work. He's not my type and he's very happily married. Anyway, I went strolling off to my hotel room and this gorgeous bloke got in the lift with me. He got off on the same floor and was actually in the room next to mine. I didn't think anything of it and, after sorting myself out for bed, I collapsed and went straight to sleep. I woke up about an hour later to the most horrid noise. Someone in the next room had their TV set on really loud. Then I remembered that it was the cute guy and I felt even more pissed off. I went out of my room and knocked on his door. He answered and he looked really angry. I started to ask him to turn it down when I realised the noise was coming from my room, not his.

> "He bent me over the bath and roughly pushed his cock in me"

MO: Eh? How come?
Jill: Well, it turned out that I'd left my TV on but had closed the door of the cabinet and hadn't realised it was on. What was worse was that this guy had followed me into the room and had seen me make this discovery. I was so embarrassed. I was trying to turn it off with the remote but I was just changing channels and the bloody porn channel came on and there were two people shagging and I didn't know what to do with myself. I think he realised I was a bit embarrassed because he very kindly took the remote and muted the TV.

MO: Which meant the porn was still on the screen?
Jill: Yeah, I was getting redder and redder, and more and more hot. I asked him if he wanted a drink out of the mini bar as an apology and he said okay and we both had a stiff whiskey. All this time I kept catching glimpses of what was on the screen and I suppose he did, too. Next thing I know we're both laughing and rolling around, pointing at the screen. I suppose what happened next is fairly predictable but I was feeling quite horny and the mellowing effect of the whiskey was obviously taking hold.

We kissed at first and he put his hands inside my robe. He pressed himself against me and I could feel his hard-on. He was like a piece of rock pressed up against my hip. I suggested we took a shower. He agreed and we went through into the bathroom. I slipped out of my robe, pulled his

boxers down and his cock sprang free. I pushed a condom over him and he turned me around and bent me over the bath. I leaned on the bath and he pushed himself roughly into me. I thrust back and we soon found our rhythm – by pulling and pushing with his hands on my hips he could gauge how deeply he was going into me. I had my fingers on my clit and he was slipping in and out of me so easily. He pulled all the way out of me and I felt my pussy spasm. I turned around and opened my legs so he could enter me from the front. To get him deeper I wrapped my legs around him and he lifted me up and fucked me like that till he came. I wasn't far behind and, just as the last drops of his come pumped into me, I came too.

MO: Very nice. We like a bit of equality here at MO. So, was he up for more?
Jill: Not straight away but we went to watch more porn and he was very obliging in the pussy-eating department. I had the very bizarre experience of lying with my head hanging over the edge of the bed, watching porn upside down while a complete stranger ate out my pussy. I came twice like that!

> "I was lying on the bed watching porn while a stranger licked me out"

MO: And was it a good film?
Jill: Oh God, I can't remember. All I know is I thoroughly enjoyed myself. He

was very considerate – in fact, the second time we fucked I was on top and I was the one controlling how deep it went, which I really like. He lay under me and I lifted myself up and down his shaft. As I was so wet he slipped easily in and out of my cunt. My lips were sucking him in and out and every so often I'd pull him all the way out and rub the tip of his dick against my clit.

I brushed my nipples against his lips and he licked at them eagerly and tried to suck them but I kept pulling away. He pulled me towards him and fastened his mouth onto my tits. While I rode on his cock he sucked and teased my nipples with his teeth. I put my hands on his shoulders and began to really ride up and down on his cock and we came again.

MO: Was it breakfast in bed, then?
Jill: No, but it was a really good fuck. Oh shit, I'd better go – the boss just got back! Bye…

HOT DAMN!

MY SECRET PHOTOS

SARAH

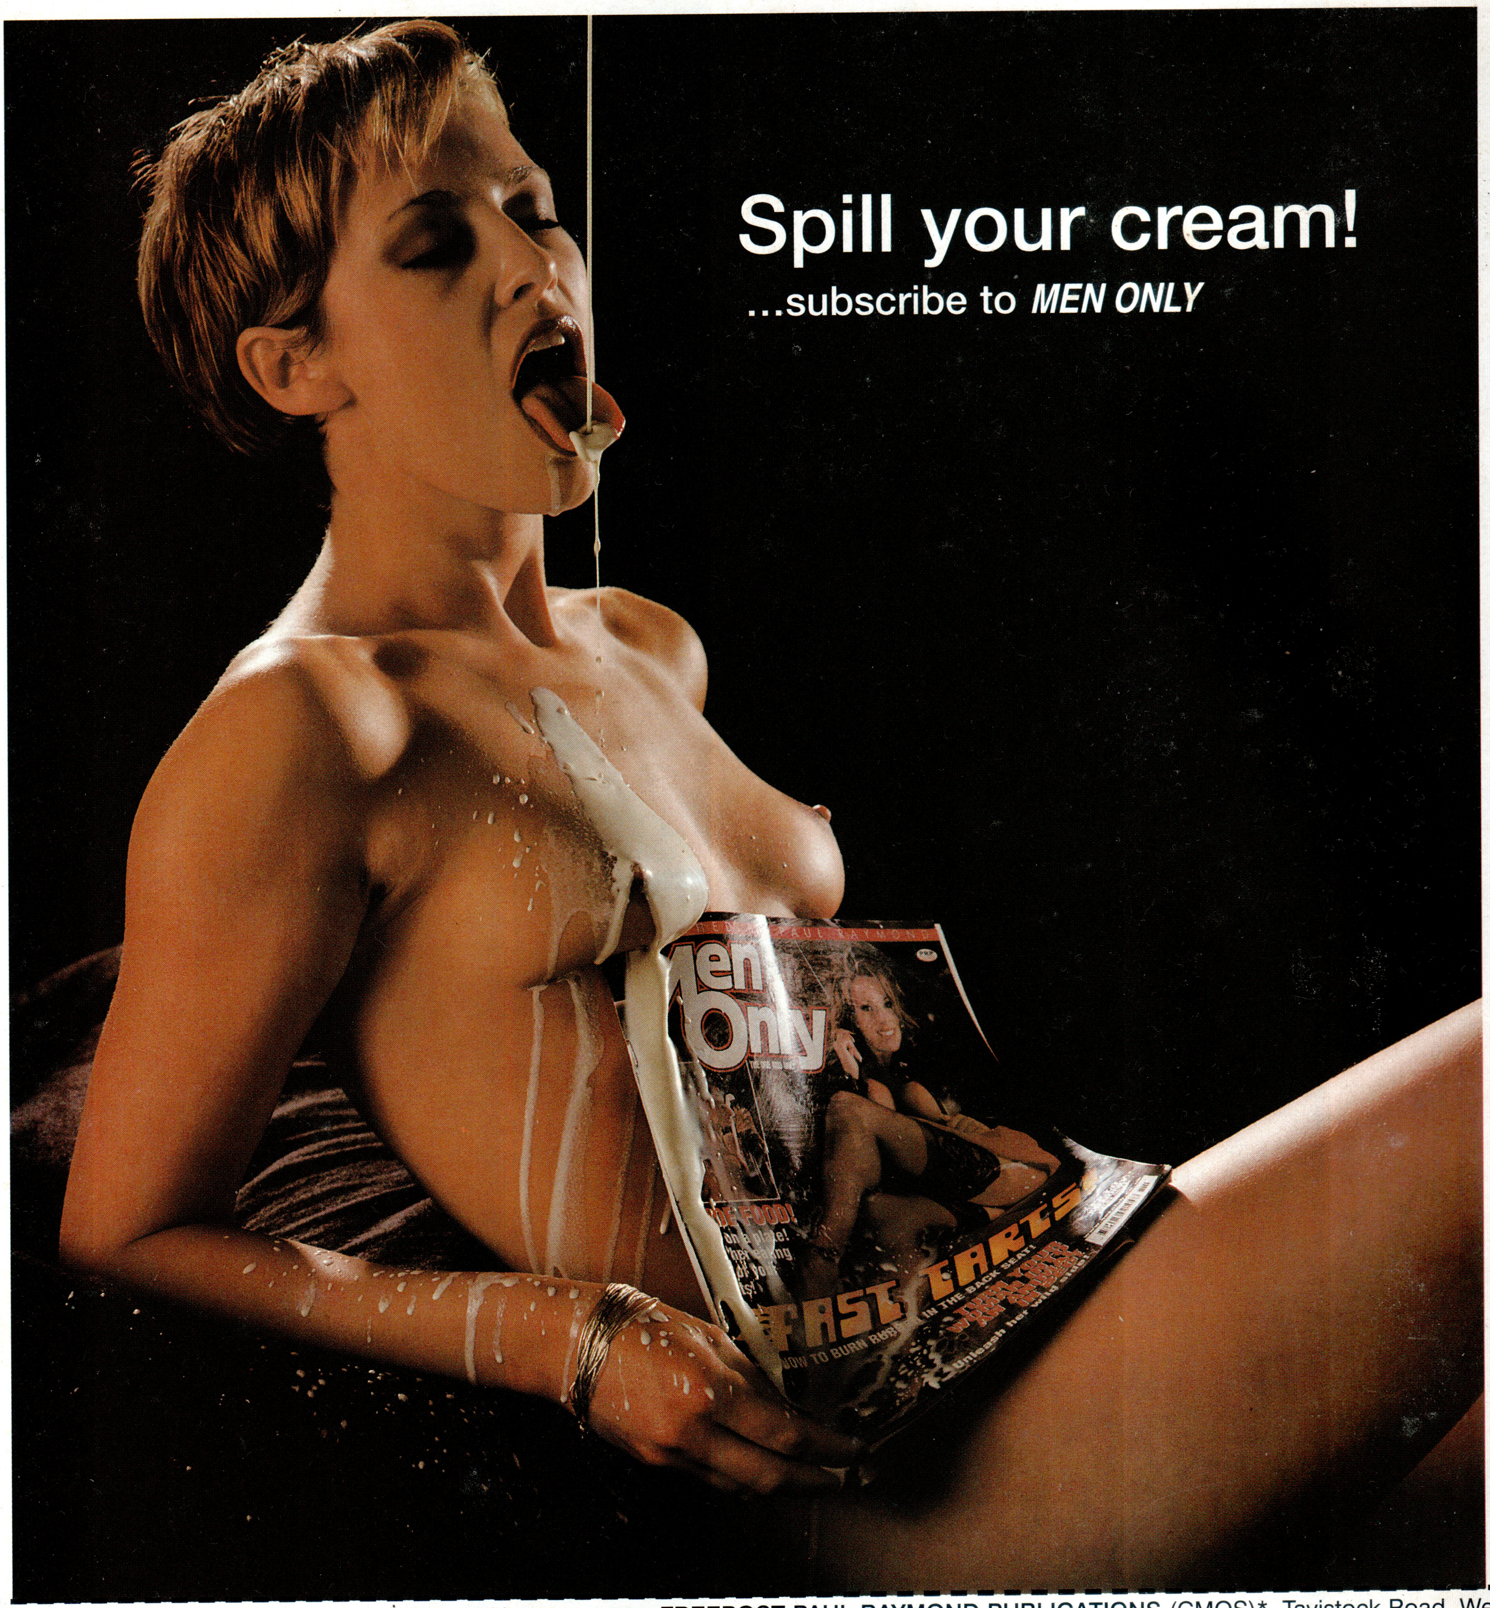
HORMONE THERAPY

I got so excited when men Only asked me to show you my private photo album. I've got so many rude pictures, but these are my best ones.

I really was frigging all day when I took these. It was raining outside, I was bored, and my pal said she'd take them.

I love it when a guy pulls his COCK out and comes on my tummy - would you like that?

I'm a really naughty girl in bed - my favourite position is to be taken from behind. And I don't mind if you pull it out and slip it in my bum!



Spill your cream!

CLASSIC MEN ONLY BABES

LOIS: 1975 Back in the days when wearing a suit and a beard at the same time was trendy, a copy of Men Only would set you back the princely sum of 50p and would contain birds like ultra-sexy Lois here, who was once a Miss Universe contestant. Wonder if we've still got her number…
